Tips for Playing the Frank Sinatra Christmas Collection on Piano

Playing these songs isn't just about hitting the right notes; it's about embracing the spirit of the season and the style of Sinatra's music. Here are some tips to get the most out of your piano experience with this collection:

Focus on Expression and Phrasing

Sinatra was famous for his phrasing—how he shaped each musical line with subtle dynamics and timing. When playing the piano arrangements, try to emulate this by:

- Varying your touch between soft and loud.
- Holding notes just a little longer or shortening them to create a “breath” in the music.
- Adding gentle rubato (slight tempo fluctuations) to make the melody feel more natural.

Use the Chord Symbols to Experiment with Accompaniment

The EZ Play Today editions include chord symbols that allow you to add your own flavor to the accompaniment. If you’re comfortable with chords, try:

- Adding seventh chords or jazzier voicings to match Sinatra’s style.
- Experimenting with rhythm patterns like swing or bossa nova for a fresh take.
- Enhancing the bass line to create a fuller sound.

Practice Slowly and Build Up

Even though the arrangements are simplified, some songs might still challenge new pianists. Take your time by:

- Learning the melody first with your right hand.
- Adding the left-hand accompaniment once you feel confident.
- Slowly increasing your tempo only after playing cleanly and confidently.

Potential Drawbacks to Consider
